

## National FFA Week Celebration

### Celebrating Blue and Gold

During February 16th-23<sup>rd</sup>, Mesa Vista's FFA Chapter celebrated National FFA week. They started off the week by making posters to receive recognition for their Chapter. They were hoping to encourage fellow students to join the Mesa Vista FFA chapter. The following day, they had a chance to show their teachers that the Mesa Vista FFA really appreciated the staff by surprising them with some homemade burritos as well as cards.

Throughout the week, the team grew together as a whole and it was shown the following day with a treasure hunt. The chapter split up into four teams. During the treasure hunt members had to figure out riddles and go to the next location. Once you found all of the clues you reported to Mrs. Lujan's (FFA ADVISOR) room hoping to be the winner. The winning group was Rachelle Jaramillo, Victoria Archuleta and Danny Atkinson. The next day, FFA members were assigned to different classes at the El Rito Elementary as well as the Mesa Vista Middle School. They had the pleasure of assisting teachers and students throughout the day. They made brief presentations about the activities of the chapter, the national organization and the importance of agriculture.

The members assisted the staff in their daily routines by tutoring, reading and working out math problem throughout the day. FFA members were greatly pleased with the outcome of FFA week.
